22	23	24 H2S ALIVE	25	26	27	28
29	30					

We have implemented some new measures to keep our staff and students safe such as:

- Reduced class sizes and encouraged social distancing
- Thoroughly sanitizing room and all supplies between classes
- No sharing of equipment between students
- Increased facility cleaning and sanitizing frequency
- Students will be screened upon entering the building and are asked not to attend if showing any cold or flu symptoms.

Blended Learning

Blended learning is a combination of in-class, face-to-face instruction with online instruction. Typically, theory and information are conveyed to participants outside of the classroom through an online component. This allows for the in-class component to concentrate on skill development and the application of theory.

Call 403-363-0099 or email: safetytraining@teamfs.ca for booking.

**All courses start at 8:30 am
(Unless Otherwise Specified)**

On site training available - over 600 online courses
